INTRODUCTION

Afrimine Southern Africa is the new age supply chain solution Company, specialising in four divisions.

- Logistics & Transport services
- Mining Supplies
- Reagents & chemicals
- PPE and Protective Supplies

Effectiveness and efficiency are the vital elements of our business.

We are able to maximise the profit by providing cost effective solutions to all our Clients through the modern technology. Our team has developed a system called RTMP (Reduce Time and Maximise Profits). The system has proven to work well and has contributed to making our company highly competitive and our services highly sought after. Our vision is to become the most competitive and cost effective supplier of our product range, with the aim of making a great impact in the industry by providing exceptional service delivery.

In 2009, Anglo Gold Ashanti Ubuasi Mine in Ghana supported us with great business opportunities in their Meturgical Department. Since then, we have introduced a Media Marketing Division showcasing our products and clients. The first of which, in 2010, was high quality printed calendars and executive diaries for Zambia's Power Generation Parastatal, Zesco Ltd. Despite the down turn in the world economy in 2008, Afrimine SA persevered and introduced another division: Reagents and Chemicals for Water Treatment and Mineral Processing, which offers extremely competitive prices.

Afrimine SA is the official distributor for a multi-million South Korean Chemical Company, manufacturing reagents and chemicals for mineral processing, such as Sodium Cyanide and dressing reagents for Gold, Copper and Cobalt, as well as flotation reagents and chemicals, and water treatment chemicals including Chlorine Gas.

Afrimine SA
Founder and CEO
Mr Martin Soul
Chikwanda

Chambishi Metals has been a business client for 6 years and stands testimony to our effective mineral processing chemicals and reagents.

Metorex Chibuluma Mine Plc- our continued long term business relationship with Chibuluma Mines has been remarkable and profound. We continue supplying reagents such as Pax, SNPX and Sodium Sulphide at rates no supplier can beat.

We combine our efforts to mitigate the cost of all our supplies by providing our own transportation and logistics that reduce the cost of product and transport for all our clients. Chibuluma is one of our beneficiaries to our model of supply, logistics and transport. Total investment is over 5 million dollars in the period of 5 years to date.

Since the opening of our branch in Namibia in 2012, our hope is to penetrate the Southern African market and introduce corruption-free, competitive and cost effective business solutions.

We have continuously supported Inyatsi Roads and Construction Ltd with our new technologically advanced and light weight protective safety boots and industrial clothing.

Afrimine SA now manufactures and distributes high quality safety work wear from safety boots, fire-retardant and protective wear to acid-proof and slip-proof safety wear. In partnership, through procurement of company shares with an Eastern Asian manufacturing company, we also supply and install Power Gensets for industrial and Mining operations.

We manufacture slurry pumps, submersive pumps and centrifugal pumps. We also distribute Alvenius pipes, connectors and valves.

Our Vision

Afrimine SA's vision is to become the leading business solution provider in Africa, by offering the best and most cost effective business solutions in the supply chain segment. To always be ethical in our business practices and to offer the best quality products and services.

Mission Statement

Our mission is to constantly strive to find ways of providing cost effective business solutions in all areas of our client's requirements. Our company stands firm due to the great business acumen and support from clients all over the continent. Our focus is to continuously work hard in seeking cost effective supply solutions to all those clients, by reducing costs, so they may attain optimum profits in their businesses. The Afrimine SA Sales Team introduced a mechanism called RTMP (Reduce Time and Maximise Profits) to improve lead time and solution providing whilst still maintaining quality and efficiency.

VALUES *(Our guiding principles that govern all activities)*

Corporate Image

Our corporate image sets a standard that reflects the high quality services offered throughout all levels of our company.

Service

Our prominent customer-centric approach and commitment in business, ensures the unparalleled customer service expertise.

Integrity

We believe in conducting business in a more honest and transparent way, building remarkable relationships with our business partners.

Credibility

Approval from all our clients stands as testimony to the quality products supplied from renowned and reliable brands as well as our excellent service delivery.

Partners

Our established list of suppliers help sustain the high quality standards of service delivery and products.

Our Team

Our team members are highly qualified and motivated and take pride in their contribution to our successful service delivery.

Social Responsibility

We continuously aim to identify and support projects that will make a noted difference to communities and the wellbeing of their livelihoods.

Business Goals and Objectives

We look forward to the future and growth of our manufacturing and assembly base. This will reduce the dependence on external manufacturing and importation costs making our business more competitive.

Business Strategy

Afrimine SA has gradually diversified, introducing various product divisions, enabling us to have a stake in the mining industry. This would allow our company to grow in Southern and Central Africa and would assist in creating jobs within small and medium enterprises. This would in turn boost the continent's economy. As we identify the market we believe an 'umbrella' company would invest vertically and integrate in all markets.

Economic Intent

Our economic intent for our organisation is to constantly reduce costs and maximise profits. We can then nurture our social responsibility by supporting communities in education and skills development, especially in rural areas. In the near future we will embark on an educational project by hand picking 65% of girls and 35% of boys from rural areas and educate them in specific medical sectors, mainly in nursing, as clinical officers and doctors. After completion of their education they will be placed back within their rural areas to serve their communities. This would bring quality health services to the areas where they are most needed as well as setting positive role models.

Business Concept, Product & Services

Business Concept

Afrimine SA provides cost effective sales solutions of superior quality with added value. The added value is created through a concept developed by the Management and Sales Team by extending customer service, by following up on the performance of our products. We improve market competition by reducing costs on all our products, but still maintaining a high standard of quality. We strive to engage our clients with short or long term contracts that reflect prices which remain stable throughout the contractual period. Introduction of new ideas and improvements on our products help to enhance and widen the market by improving price competitiveness.

Products

Afrimine SA supplies the following products: Mining Equipment, such as Underground Shaft Elevators, Pulleys, Safety Cages, Drill Rods, Buton and Drill Bits. Within the Chemical Division we supply Reagents and Chemicals for mineral processing and water treating chemicals.

Our Safety Division has surpassed competitors in Safety and Protective Wear. We have high quality and approved European standard work wear. To mitigate the cost of good quality products we provide Transportation. We do not outsource it, we have a fleet of trucks that do deliveries for all our clients in the Southern Africa region. Our transport rates cover logistics and transportation costs. We encourage all Clients to bring quotation and we promise to beat any genuine quote.

Services

Part of the services we offer is logistics and transportation at very competitive rates and business development.

Logistics & Transport

Afrimine SA's logistics and transport services surpass all our competitors in technology, innovation, prices and service delivery. We have exceptional service rates in Airfreight, Sea freight and Road freight.

Mining

Afrimine SA supply pumps, pump spares, ball mills, jaw and impact crushers, low and high chrome mill balls, drill bits, button bits, high pressure valves and pipes. The Afrimine pumps and spares come with a 12 month guarantee.

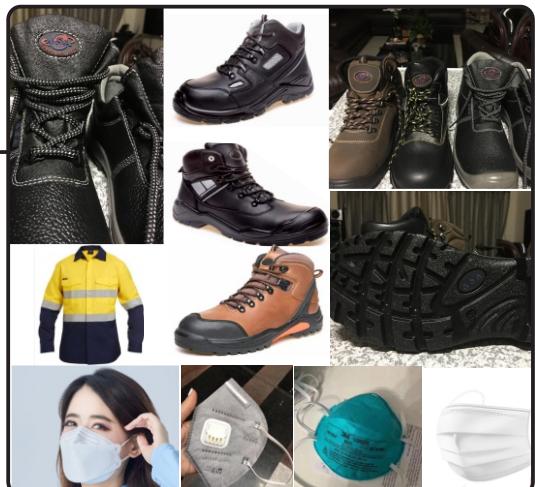

Reagents & Chemicals

Our Reagents and Chemical Division is divided into sectors for mining, water purification, laboratories and agriculture. We supply a wide range of chemicals from our manufacturing partners based in South Korea, India, China and South Africa.

Safety & Protective

Our range of safety and protective equipment, and consumables include hard hats, leather and PVC gloves, Afrimine SA safety and gum boots, one and two piece conti suits, overalls, helmet lamps, harness belts, underground battery packs, eye wear, foundry suits and gloves.

LOGISTICS & TRANSPORT

Afrimine SA's logistics and transport services surpass all our competitors in technology, innovation, prices and service delivery.

MINING SUPPLIES

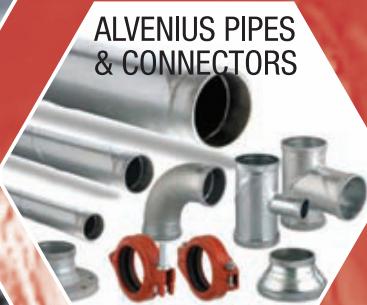

Afrimine SA Power Mining Division has been a major force in cost effective mining equipment, pumps, spares, Mineflex / HDPE pipes, valves and consumables. We also supply Shell, BP and Engen fuel and lubricants.

Afrimine SA's Safety & Protective Wear Division Manufactures, Supplies and distributes high quality PPE and Safety wear and durable equipment. Our PPE is of European Standard and ISO approved. Our great quality Afrimine SA brand and Portwest Brands surpass any competitor in the Market and we do not compromise on quality.

Business Competitiveness

Amongst our many services we have incorporated the Logistics and Transport Division. This reduces costs to our clients as we deliver all purchases to their door at a competitive rate.

Quality Policy and Objectives

Afrimine SA always procure ISO rated products internationally, with the approval of the Zambia Bureau of Standards (ZBS), South African Bureau of Standards (SABS) and UKAS certified products. We strive to uphold our promise of high quality products and services for the benefit of our existing and growing clientele as well as for Afrimine SA.

Service Pledge

We pledge to always provide a high quality service and to conduct business with an honest and ethical acumen with regards to product quality.

Business Model

Our business model is based on the principle of trading in large quantities at reduced costs, to maximise profit.

Value Chain

The value chain will assess your company's needs and apply the correct solutions.

Client Projects - Last 6 months
